WORK EXPERIENCE

Hade Technologies: Consultant

May 2018 – June 2018

- Performed a forensic audit after claims of suspicious trading behavior.
- Reported a vulnerability with decentralized exchanges, saving millions in fraud.

EthMemphis: Co-Founder

January 2018 – May 2018

- Business focused Ethereum hackathon and workshop event with \$4,000 awarded in prizes.
- Lead the planning and operations from idea to implementation.
- Managed website design, content, and communications.
- Developed a decentralized blockchain application form for Ethereum developers.

Hade Technologies: Consultant

January 2018 – February 2018

- Audited the crowd sale smart-contract used for their ICO.
- Rewrote and deployed updated token in a three-day turnaround.

Fanatics Apparel: Demand Planner

August 2015 – March 2016

- Informed senior management of company vitals by sending daily sales reports.
- Reduced waste by reorganizing hundreds of untracked garments at the production facility.
- Streamlined the order entry system for on-demand and hot-market items.
